### Christian Care and Evangelism Training

Anglicare staff across each service and, through them, many others.

#### Giving thanks for

- The staff living our vision, mission and values in heart and mind as we serve and enrich lives.
- Numerous opportunities to appropriately share Jesus with others in many contexts.
- Online training modules to complement face-to-face training.
- The privilege of being able to support Christians in honouring God by sharing their faith.

#### Asking God for

- Successful connections as we engage with Anglicare staff across diverse service areas.
- Continued freedom to share Jesus with others, in sensitive and appropriate ways.
- Opportunities to remind staff, volunteers and clients that they are loved, they matter, and they belong.
- The right resources and evangelism tools to reach people in 2021.

Story

Throughout the trials of 2020, it was beautiful to witness the coming to faith of one of our Food and Financial Assistance (FFA) staff. She had already been investigating the gospel for herself so, during COVID-19, we met one-to-one to do the Christianity Explored course.

# MetLife Protect and MetLife Protect Super

Combined Product Disclosure Statement and Policy Terms  
for MetLife Protect and MetLife Protect Super

Prepared 12 August 2018

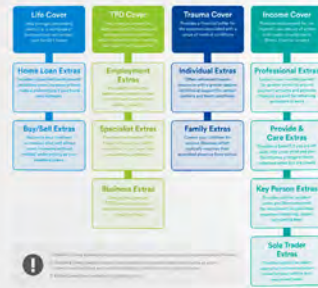

## Available Cover Types

Because people have different goals and objectives, we offer you the choice to either build your insurance by making cover selections as described below or apply for a pre-packaged solution (described in the Packaged Cover section on page 14).

MetLife Protect and MetLife Protect Super lets you build on the four Standard Cover types with a range of Extras Covers. These optional Extras Covers provide enhanced benefits at an additional cost.

Choose your Standard Cover from the top row to support your Traditional and MetLife goals. For Life Cover, TPD Cover and Income Cover you can decide to enhance MetLife Standard Cover or to opt for superannuation (see page 14) but not consider if any of the available Extras Covers are right for your situation.

## Packaged Cover – a simple solution for insurance needs

We've created pre-packaged solutions called Packaged Covers to suit a range of insurance needs. Packaged Cover is only available with life superannuation. These packages may be purchased without needing to complete the full underwriting questionnaire, enabling you to get cover faster and easier. Important exclusions apply, and these are described on page 15. Importantly, Packaged Covers are not designed to take into account your individual circumstances or specific needs.

If you are not seeking personal advice from your Financial Adviser, and your insurance needs are for a specific purpose, you might consider if any of the Packaged Covers below suit your needs. These Packaged Covers are generally designed for people who have no pre-existing medical conditions, are aged 18 to 70, and only requiring Life Cover and TPD Cover amounts up to \$1 million. Packaged Cover is not available to a Life Insured in Occupation Class 6.

The table below outlines the packages that are available.
